

Dated: 10/10/2017

Circular

The Hon'ble Vice Chancellor of Maulana Abul Kalam Azad University of Technology, West Bengal desires to organize Bridge Courses in English and Mathematics for the first year students of the University (those admitted in the 2017-18 academic session) during October-November, 2017. The objective of these courses is to bridge the gap between the learning of the students at the plus two level and the regular courses of the University that are taught during the first year. This is to enable the students to grasp the contents of these prescribed courses in a more meaningful and effective way.

The Principals/Directors of the affiliated Colleges/Institutes are requested to conduct at least ten hours of course in each subject followed by evaluation within November 10, 2017 and submit a report of the same to the University.

In case of any query/clarification, the Principals/Directors are requested to contact the University at the following email address: bridgecourses@wbutech.ac.in
