

**Maulana Abul Kalam Azad University of Technology, West Bengal**  
formerly known as West Bengal University of Technology  
BF-142, Sector-I, Saltlake, kolkata- 700064

**Notice**

18-Aug-2015

Applications are invited from eligible candidates and experts **for conducting the diagnostic tests at the entry level** (First semester of B.Tech. and M.Tech) in order to identify the weakness of the students and **planning appropriate measures for remedial teaching**. Such diagnostic tests will also be conducted for **senior semester students** in order to **plan the skill development programmes** for improving the employability. The Diagnostic tests and remedial teaching may use **appropriate software support**. The identified areas are **English/Communicative English, Mathematics, Physics, Electronics, Computer Science and Computer programming**.

**Essential qualification:** Post-graduate qualification in **English/Communicative English, Mathematics, Physics, Electronics, Computer Science and Computer programming**. The candidates should **essentially have at least 55% marks in their under-graduate and post graduate examinations** in the above subjects. However, those **securing 60% marks and above** will be given preference.

**Responsibilities:** To **conduct the diagnostic tests** for the fresh entrants in the B.Tech. and M.Tech. courses and **produce a report** their deficiencies. They are also expected to **conduct remedial classes** in the above subjects as per the students' needs.

**A group of experts may also apply for conducting a particular evaluation and training programme in a comprehensive manner**. However, the **holistic plan** needs to be submitted **along with the Bio-data of the individual candidates**.

The selected experts will be paid at the rate of **Rs.1000.00 per hour** with a **maximum of Rs. 3000.00 per day**. The **selection will be through interview and the proposal** regarding the plan of execution of the above activities.

**Extra cost for material preparation, course designing or the diagnostic tool/teaching aid will be paid for** as per proposal.

The applicant should apply in plain paper and the applications should reach the following address within 25<sup>th</sup> August, 2015 to the following address. The envelopes should be superscribed with "Application for conducting diagnostic tests".
