

Workshop On
Intellectual Property Rights On Innovation

September 15, 2017

Organized by

MAKAUT, WB and Meghnad Saha Institute of Technology

in Collaboration with

**Patent Information Centre, WBCST and Technology Information Forecasting
and Assessment Council (TIFAC), PFC Govt of India**

Intellectual property rights (IPR) are now becoming institutional tools that allow for the creation of markets to stimulate private initiatives in creation of intellect and knowledge based economy. Basically, this amounts to restricting access to knowledge by granting temporary exclusive rights to new knowledge and thus enabling the inventor to set a price for its use.

The main objective of the program is to encourage, recognize and protect all creative and scholarly works in the form of patents, copyrights, industrial designs, trademarks and trade secret, as the case may be, developed by the potential innovators especially the students as a result of their research.

Components and Resource Persons:

The Workshop will consist of an Inaugural Session and a Technical Session that will cover the basic concepts to the detailed aspects of nationally and internationally accepted norms of IPR regime. It will also host a supporting “**Patent Clinic**” for mentoring protection of Intellectual Property Rights and Technology Transfer. The detailed programme schedule along with names of the resource persons has been given following the notice.

Target Audience:
